

Inspection

No.	Reference documents	Quantity	Status
1.	SIST EN 14181:2015 (chapter 6) in connection with internal procedures: DP13: 2022 Functional test DP20: 2022 Quality of automated measurement systems	Inspection of AMS (QAL2)	accredited
2.	SIST EN 14181:2015 (chapter 8) in connection with internal procedures: DP13: 2022 Functional test DP20: 2022 Quality of automated measurement systems	Inspection of AMS (AST)	accredited
3.	SIST EN 14181:2015 (points 6.3 to 6.7) in connection with internal procedure: DP20: 2022 Quality of automated measurement systems	Inspection of AMS (QAL2, parallel measurements)	accredited
4.	SIST EN 14181:2015 (points 8.3 to 8.6) in connection with internal procedure: DP20: 2022 Quality of automated measurement systems	Inspection of AMS (AST, parallel measurements)	accredited
5.	Internal procedure DP13: 2022 Functional test in connection with: SIST EN 14181:2015 (chapters 6.2 and 8.2)	Inspection of AMS (functional test)	accredited
6.	Internal procedure DP23: 2022 Inspection of portable analysers	Inspection of portable devices/ measuring systems (functional test)	accredited
7.	Internal procedure DP23: 2023 Inspection of portable analysers	Inspection of personal detectors (functional test)	accredited
8.	Internal procedure DP28: 2023 Inspection of devices for preparation of gas mixtures in connection with: SIST EN 15267-3:2008, point 5.4 (inspection of repeatability) and point 5.5 (inspection of linearity)	Inspection of devices for preparation of gas mixtures for verification of gas analysers	accredited
